

26th World Mining Congress
BRISBANE AUSTRALIA
26-29 JUNE 2023

Mining Science & Engineering

This stream highlights novel mine design solutions and engineering value enhancements in current and proposed mines. Presentations also feature developments to transform mining methodologies and operational practices as trends move to automation, waste minimisation and low carbon operating environments, and mining of increasingly complex orebodies.

Stream Keynote Speakers

Matt Daley, Group Director - Technical, Anglo American
Re-imagining Mining's Footprint

Jeff Dawes, Former President, Komatsu
Modern Mining - Responsible and Sustainable

Stuart Mathews, Executive Vice President: Australasia, Goldfields
Sustainable Energy and Mining Solutions Leading ESG Transformation at Gold Fields

Richard Seville, Corporate NED

Laura Tyler, Chief Technical Officer, BHP

Matt O'Neill, Independent Mining Expert
Engineering or Economics to meet the growing world demand for minerals
